

PUBBLICAZIONI

Pharmacologic treatment of the dysfunctional patient.

Cardelli P, Lattari M, Massaro P, Pollicita M, Barlattani A.
Minerva Stomatol. 2005 May;54(5):265-79.

Pet models in cancer research: general principles.

Porrello A, Cardelli P, Spugnini EP.
J Exp Clin Cancer Res. 2004 Jun;23(2):181-93.

[Polymerization exothermal reaction of dental prosthetic resin for temporary crowns. A comparative evaluation]

Barlattani A, Cardelli P, Cioccolanti F, Gallio M.
Minerva Stomatol. 2002 Jan-Feb;51(1-2):11-20.

[Effects of PDGF AB on extracellular matrix synthesis by human mammary fibroblasts]

Palumbo C, Vasaturo F, Zelli G, Cardelli P, Rubinacci G, Modesti M, Scarpa S.
G Chir. 1997 Jun-Jul;18(6-7):337-9.

Modulation of laminin synthesis in human neuroblastoma cells during retinoic acid induced differentiation.

Scarpa S, D'Orazi G, Ragano-Caracciolo M, Cardelli P, Masuelli L, Modesti A.
Cancer Lett. 1992 May 30;64(1):31-7.

[The modification of the extracellular matrix synthesized in vitro by human gingival fibroblasts in relation to aging]

Cardelli P, Zelli G, Bove E, Massari F, Modesti M, Scarpa S.
G Chir. 1992 Mar;13(3):83-6.

[The effect of aging on the replication activity of human gingival fibroblasts in vitro]

Cardelli P, Scarpa S, Zelli G, Bove E, Rubinacci G, Modesti M.
G Chir. 1992 Mar;13(3):80-2.

[\[Extracellular matrix in gingival fibroblasts\]](#)

Cardelli P, Barlattani A, Scarpa S, Modica A, Rubinacci G, Modesti A.
Dent Cadmos. 1991 Sep 30;59(14):72-5.
